

Worksman Business Cycle Factory Direct Replacement Parts List FD08FDRP Effective Jan 1, 2006

Please read these important notes regarding the proper use of this price list and terms of sale:

Parts Identification: This manual is intended solely as a pricing guide for replacement parts and spare parts. However, you need to know the part # in advance of using this price list as it is not truly designed to assist in parts identification. Each Worksman Cycle has it's own parts list. It is from these parts lists that you can easily identify the part #. At that point you can use this price guide to look up the price. We do include a short description for each part # in this price list so you can confirm that the part # matches the description of the desired part. Our Worksman Cycle Team Members are available to assist you with proper parts identification. Please do not hesitate to contact us.

Part # Sequence: This price list is arranged in Alpha-numeric order by Worksman Cycle Part Number. Part numbers are sorted by their first digit (example...part # 1000 would precede part # 102) All part numbers that start with the number 1 come first, followed by all part numbers that start with # 2 and so on. Part #'s that begin with a letter are listed in alphabetical order towards the back of the list.

Parts Listed: To make certain that your Worksman Cycle runs properly, safely and as intended, maintain the cycle regularly utilizing only genuine Worksman Cycle replacement parts. In this list we have listed the more popular Worksman Cycle Replacement Parts as well as some parts for special project such as pushcart wheels, bicycle parking racks and other special items. We have listed the most popular items in bold text to further assist you. However, we also offer many generic cycle parts which may not be included on this price list. If you do not see what you need, please feel free to contact a Worksman Cycle Team Member. We will be happy to assist you. You may also visit our website www.worksman.com for parts identification

Suggestion for stocking parts: Worksman Industrial Cycles are integral components of a personnel movement system at many companies around the world. As such it is critical to maintain an inventory of the more popular parts in order to properly maintain your fleet. This will lead to less downtime and greater utilization of your Worksman Cycles.

Minimum Order Surcharge: Due to the ever increasing cost associated with order processing, we find it necessary to charge a \$5.00 processing fee for order totaling less than \$30.

Shortages, Damages and Returns: Please check you order carefully immediately upon receipt. Shortage claims will only be considered within 10 calendar days after the shipping date. Returns of unused parts will be accepted solely at the sellers discretion and subject to a 15% restocking fee. A return authorization will be required for any return whatsoever. Freight for any returns must be paid by the buyer. If a return is accepted according to the above terms, there will be a credit issued to your account which maybe used towards a future purchase. No refunds will be issued. Prices, descriptions and terms subject to change without notice.

FOB Point and Shipping Terms: All items in this price list ship FOB Ozone Park New York, USA. (with the exception of Bicycle Parking Racks which ship FOB Indiana). We reserve the right to select the carrier that we feel will best service your area (normally UPS or FEDEX Ground). Certain items such as most tricycle frames must ship via common carrier (truck).

Payment Methods:

Worksman Trading Corporation is pleased to offer (at our sole discretion) nationally known, credit worthy accounts an open account status of Net 10 days. We require a company purchase order and other details as maybe needed. For your convenience, we accept Master, Visa and American Express. Please have your credit card information available when placing your order. For those who wish to pay via check in advance, contact our office to determine the freight charges, then mail your payment and make certain that your complete name and address is shown on the check. If placing your order via phone, your order correspondent will advise you of your Worksman order number which should also be listed on the check. Sorry, No COD's...no exceptions. If a check should bounce, a \$50 processing fee will be charged and a replacement cashiers check will be required. All sales are final. New York State Sales tax will be collected only for those

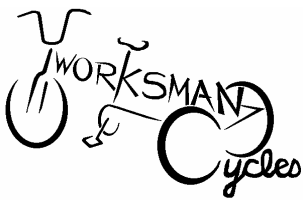

replacement cashiers check will be required. All sales are final. New York State Sales tax will be collected only for those orders shipped within New York State

Ordering Procedure and Contact Information:

Our sales staff is here to assist you. We will make every effort to help you to identify the Worksman Cycle replacement part which would best fit your needs.
